Another Big Riot

**Utah Theatre****BODY OF YANKEE  
ARRIVES TODAY**Yeoman Brotherhood Ritual  
Will Be Conducted in  
City Cemetery

The body of Earl Cobb, the first Ogden Yankee to be returned from the field of honor to his home city, was scheduled to arrive in Ogden over the Union Pacific at 2:30 o'clock this afternoon.

At the request of members of the Cobb family no funeral services will be held but the Brotherhood of American Yeomen, of which Cobb was a member, has been given permission to conduct its ritualistic services at the grave in the Ogden City cemetery tomorrow afternoon.

Members of the Yeomen are to meet at the Kirkendall chapel at 2:30 o'clock for the services.

**American Fork City  
Dads Guests in Ogden**

City commissioners of American Fork are today guests of Mayor Frank Francis and the Ogden board of commissioners and are taking a tour of the city, examining the new pavement and other improvements. During the afternoon they will be taken on a trip to the city wells in Ogden canyon.

MEET APPROVAL**Parking Rules to Be Made Part  
of Ordinance, Ward  
Declares

Ogden's new traffic and automobile parking system has been found successful after a six weeks' trial and will now be drafted into an ordinance and submitted to the city commission for approval, according to an announcement made this morning by J. Ray Ward, commissioner of public safety.

Mr. Ward said today that he is now preparing to form the ordinance and it will probably be passed sometime next week.

With passing of the ordinance, the parking and non-parking "Stalls" on the downtown streets will be given a new coat of paint and new "no parking here" signs will be painted on the curbs. Mr. Ward said that, under provisions of the ordinance, it will be unlawful for any person to park his own stall or sign and this work must be left entirely to the traffic officers.

Mr. Ward said that the motorists of Ogden have now had sufficient time to acquaint themselves with the requirements of the new system and that, with the passage of the ordinance, punishment will be provided for violators. Arrangements have been made to renew the paint on the streets each month so that motorists will not be confused with the white and red lines.

**ONE DAY SPENT  
IN QUAKE CITY  
ENOUGH--POWELL**

Samuel Powell, assistant city attorney, has returned from Los Angeles where he has spent a two-weeks vacation. Attorney Powell arrived in Los Angeles on the morning of the recent earthquake, and departed on a return journey the same afternoon. He said that he will continue his vacation later in Idaho, where earthquakes do not occur.

He stated that the first quake was gentle, and was accompanied by a second quake that caused the earth to heave as though some unseen force was pushing it upward.

Hundreds of people, terrified, rushed to Fort Douglas Square, where the majority remained during the greater part of the day. He stated that ticket offices of railroad stations were jammed with people following the quake, who were seeking accommodations to other cities.

**Seven Brigham Men  
On State Rifle Team**

BRIGHAM, July 20.—Troop D of Brigham made an excellent record at the state rifle contest at Fort Douglas Sunday morning. Out of the fourteen men to go to Fort Perry, Ohio, in August, seven will come from Brigham—one-half of the required number.

Several members of Troop D went to Salt Lake for the contest. They appeared at Fort Douglas and the following qualified to go to Camp Perry: Lieutenant Leslie Wadsworth, Sergeant John Lee, Ross Lee, Private Lorenzo Hanson, C. R. Pella, Peter Ahrensbach, and D. M. Fadus. They will leave some time in August for Camp Perry to enter the contest there, when fourteen expert riflemen will be selected to answer Belgium, in December for the world contest.

**Brigham Peaches in  
Two Games on 24th**

BRIGHAM, July 20.—The fast baseball team made up of Tremont and Garland and the Brigham Peaches will play a double-header on Saturday, July 24. The first game will be played at Garland at 1 o'clock where a big Pioneer Day celebration will be in progress. Both teams will then come to Brigham and play a game here commencing promptly at 5 o'clock.

From the fact that both teams have been playing fast ball for the past few weeks in the Wasatch league, and both teams have defeated teams of the Cache Valley league, a large crowd will be present at both games Saturday.

Brigham trimmed the Beet Growers in the last game played here and the valley boys are anxious for a return game. Last Saturday and Sunday Tremont-Garland played two close games with Layton. Saturday the score was 5 to 5 in favor of Layton and Sunday it was 5 to 4 in favor of Layton. Brigham is the only team in the league that has defeated the Layton bunch.

**Scout Auto Fatal  
to Big Rattlesnake**

Troop 1 of the Ogden Boy Scouts returned to Ogden last night after an outing at Bear Lake. Leslie Ballantyne and Oscar Bingham were in charge of the scouts. The trip to Bear Lake was made in automobiles via the Blacksmith Fork road.

On the return trip a large rattlesnake having 12 buttons was run over by one of the automobiles. The scouts brought the rattles and the skin of the large snake as trophies. A badger was captured and brought back alive, which will be used as a mascot, it is said.

**CARD OF THANKS**

We wish to thank all those who so kindly assisted us during the illness and death of our darling baby. Also for the comforting words spoken, the songs rendered and the beautiful flowers.

MR. and MRS. H. W. JACOBSON,  
and FAMILY.

More than 250,000 pounds of explosive was used in blowing Flood Island from New York harbor in 1885.

Telescopes of the Seventeenth century were sometimes more than 100 feet long.

**This Tourist Is Peeved  
No Ham and Eggs Free  
Scores Lamp Stealers**

That Ogden and its surroundings are worthy of wide mention and the city is one of the best governed in the United States, is the opinion of a tourist who has signed a letter "The button man," and has sent it to Mayor Frank Francis. He declares he has visited practically every city in the United States during his tours, but Ogden, of all cities, has stirred him to literary efforts and he writes as follows:

**HIS LETTER**  
"Having traveled by car to all the most important cities in the country and having recently visited your city, I take pleasure in telling you that I have found your city the most ideal as a city governed by capable officials and situated alongside the beautiful Wasatch mountains and Ogden canyon especially is worthy of worthy mention."

The beautiful wide streets which give motorists full view of a picturesque drive through the wonderful and last but not least, I wish to mention your camping grounds for tourists. Being located in a beautiful grove near a cool creek it is small and comfortable and fit for any person.

The wash-truck for cars, the lights, the running water, the cooking facilities and other features are of the highest possible standard, installed for tourists at the expense of the city.

**FEW COMPLAINTS**  
"But the few complaints I wish to make are these: Why don't we have ham and eggs for breakfast free, and parts for cars and free gasoline. Towels for shower baths and the finest of soaps?"

The main kick is this: Why cannot you, as chief of your city, hire a man to stay at the camp at night with a million globes to replace those stolen by the lowest, most contemptible petty larceny tourists that ever toured the United States? Being a citizen of the United States it goes against my grain to see a city that is willing to sacrifice part of the cost of the culture of the city for the convenience and comfort of road-worn travelers, to see such petty-vandalism practiced by unappreciative tourists.

"Hoping again to visit your beautiful city and enjoy once more the true western hospitality, I wish to thank you for your courtesies."

Under present plans, no arrangements have been made for handling of authority cases.

Dr. Morrell said a clinic could not handle cases of this sort, a hospital being necessary. There is a great need in Ogden for such an institution, he stated, and the fact that there is none of this nature, is a poor reflection on the city.

**CLASS FOR MOTHERS**  
Dr. Morrell said that people were awakening to the needs of social service, in assisting those who are without funds to secure medical attention, and said that classes would be established in connection with the clinic for the purpose of teaching mothers the proper methods of feeding and clothing children.

Children's diseases will be given expert attention. Tubercular persons, whose life is threatened by lack of funds to fight against the disease, will have their struggle alleviated as far as possible.

Eye, ear, nose and throat specialists will attend to children whose condition warrants expert treatment, and all patients at the clinic will be accorded the best possible medical service, at no expense to themselves.
